WHAT: The 2004 Federal Temporary Assistance to Needy Families (TANF) Caseload Reduction Report is available for viewing and public comment in DHS district offices listed below and on the DHS website at <http://www.tennessee.gov/humanserv/whatsnew.htm>. The report is an optional report for states to submit to the U.S. Department of Health and Human Services and is used to determine what credit, if any, a state may receive for its TANF caseload. The credit is then used to reduce the work participation rates a state is required to meet under the TANF law. A state must examine what changes in eligibility were made since Federal Fiscal year 1995 and estimate their positive and negative effects on the caseload.
